## THE ROUTE »

For 2022, the KTM New Zealand Adventure Rallye returns to the South Island and is set to explore from Summit to Sea, from Dunedin through Lake Tekapo to Christchurch and the Canterbury region.

Kickstarting the Rallye out of Dunedin with a loop day through native bush and then into Lake Onslow tussock lands, before climbing high into the Rock and Pillar range, and then dropping to the sea near Karitane and Warrington.

Riders will then head to Tekapo via some of the most iconic adventure tracks in the region, including a good variety of Breakout's including a four chilli in the Grampian Range!

The route will then continue through the Southern Alps foothills through to Christchurch, before heading for the Banks Peninsula, where you will be following tracks and trails connecting assorted winding back roads on this unique volcanic peninsula, all while overlooking the Pacific Ocean.

And a final loop day from Christchurch north into coastal hills and farmland will have you wind your way up to Greta Valley and the Hurunui Pub, through north Canterbury and through the Okuku Range to follow back tracks and farmland along the Waimakariri River back to cap off an epic week of adventure.

The aim on the KTM New Zealand Adventure Rallye is to be suitable for all KTM adventure riders - therefore we offer two route options daily for riders: Main Route and Breakout Route. The Main Route will be shorter and less technically challenging, with the Breakout Routes offering advanced riders more challenging terrain. The Main Route will be made up of winding back country roads, metal roads and well formed off road tracks. Riders on the Breakout routes can expect greasy and slippery farmland, mud, hills, creek crossings and some real challenges!

## NAVIGATION INFORMATION »

The Rallye is tailored to suit a range of rider abilities, from those starting out in their few years of adventure riding, to seasoned Adventure pros. In order to cater for this variety of levels, each day's course can be traversed in your own time, at your own pace, with two route options available daily - the Main Route and Breakout Routes.

Lead riders depart before the group each morning to ensure the tracks are clear, plus sweep riders bring up the tail end of the pack to assist with any issues that may arise throughout the day. A daily route sheet will be supplied at the nightly rider briefings, however the main source of navigation comes in the form of GPS track files. Therefore it is mandatory that riders have a GPS unit or Smartphone with navigation capabilities for the event.

Riders are free to depart each morning between 8.00-9.00am, in their own time and on their own agenda. There will be Points of Interest on each days route sheet, so riders can stop and enjoy these along the way, as well as suggested breakfast and lunch stops.

## RALLYE SUPPORT »

**As outlined earlier, the support we offer on the Rallye is where the value for the rider comes in.** More information on all the provided support will be given to those who register for the event in the form of a REGISTERED RIDER DOSSIER, but to recap again on what the Rallye offers:

**LUGGAGE SUPPORT.** Every rider will be allowed to place one bag (roll-bag or pack) in the KTM Luggage Van, which will be carried for them between each destination.

**TECH SUPPORT.** We will have KTM New Zealand mechanics available to assist with any issues that may arise along the way that you cannot fix yourselves.

**TYRE SUPPORT.** We will have a Tyre Support service available for riders in Christchurch, for those who wish to get a new tyre or tyres fitted during the event.

**GENUINE PARTS SUPPORT.** All riders are advised to bring spare parts along, however due to unforeseen circumstances that may arise when adventure riding, we will have Genuine KTM Spare Parts available for riders to purchase throughout the Rallye.
