RECALL OF KTM OFFROAD MODELS TO AUTHORIZED DEALERS!

In order to review the correct assembling of the front fork, KTM recalls EXC SIX DAYS models of model year 2015, SX and SX-F, as well as XC models equipped with WP 4CS fork to authorized KTM dealers.

The recall is necessary in order to check the correct assembling of the fork's piston rod and screw cap and ensure maximum operational safety, function and quality of the front wheel.

KTM does not have any information on accidents resulting from the manufacturing defect described above.

Customers of affected and already distributed motorcycles have been contacted in writing by KTM. Furthermore, customers can also check online to find out if their motorcycle is affected. The recall information is available in the "Service" area of www.ktm.com and can be seen by entering the complete vehicle identification number (17 digit) and the ID number of the motorcycle's delivery certificate.

The professional check of the front fork can be carried out by authorized KTM dealers only. This check is a guarantees that is completely free of charge and lasts at most 30 minutes.

The recall action affects the following models:
