WHAT IT'S ALL ABOUT

Do you love riding dirt bikes, camping with your family and meeting new like-minded mates? Then RIDE OUT Moto Weekends are for you!

Powered by KTM, Husqvarna Motorcycles and GASGAS Motorcycles, the 2022 series of RIDE OUT Moto Weekends will feature three events – Wangaratta (Vic.) held on April 29 – May 1; Cooby Dam (QLD) on October 7-9 and NSW (location & date to be announced).

They're open to riders who own a KTM, Husqvarna or GASGAS dirt bike (enduro, MX or cross-country) and their kid's on any brand of kid's bike.

RIDE OUT Moto Weekends are designed to be fun, relaxed, family-friendly experiences, where riding takes centre stage. Each event is a two-night camping, two-day recreational riding adventure on a private property, which is exclusive to you and a group of new like-minded mates!

Each weekend features a custom-cut 10-12km trailride loop, a fun grasstrack, an easy-going hillclimb and a newbies/kids track – all available for riders to enjoy throughout the weekend.

You can ride as much or as little as you want over the two days, making the most of all the tracks and set-ups on offer.

What else is on offer, you ask? The latest range of KTM, Husqvarna Motorcycles and GASGAS models to test on the 5-7km test ride loop. On top of that, there'll be live music, American-style BBQ cook-offs, catering, coffee, partner stalls and loads of giveaways, plus special guests and mechanical advice.

In collaboration with the crew that bring you the epic Transmoto Events – and special guests from KTM, Husqvarna Motorcycles and GASGAS Motorcycles – these RIDE OUT Moto Weekends are only made better by the fact that numbers are strictly limited to ensure a quality riding and camping experience.

RIDE OUT Moto Weekends are about offering riders a great experience on their dirt bikes, and what better way to do that than with bikes, friends and camping out! Bring old friends or make new ones, RIDE OUT Moto Weekends are about getting back to the basics and the spirit of dirt bike riding.

THE VENUES

RIDE OUT Moto Weekends are brought to you by the crew from Transmoto Events, who have over 10 years' experience running fun, competition-style team-based dirt bike events.

Combine their experience with the RIDE OUT's fun and relaxed atmosphere – along with support from KTM, Husqvarna Motorcycles and GASGAS Motorcycles – and you've got yourself all the ingredients for a memorable weekend's riding!

Each stop on the series will feature a private property with exclusive trail and track access by the RIDE OUT entrants.

WANGARATTA, VIC

Just 250km northeast of Melbourne sits the township of Wangaratta, in a region best known as the home of the Ned Kelly. But if you're into dirt bikes, Wangaratta is also a riding heaven; a town at the confluence of the Ovens and King rivers, which drain the northwestern slopes of the Victorian Alps and create prime riding conditions. Just out of town is the RIDE OUT weekend's 2000-acre private property, which boasts an alluring combo of bush trails, technical hills and undulating grasstrack, with the Victorian High Country's snow-capped peaks serving as an eye-catching backdrop.

COOBY DAM, QLD

Situated on an epic 3000-acre private property in the heart of Queensland's Darling Downs region, the event is conveniently just 20km north of Toowoomba and two hours' drive west of Brisbane. It's big-horizon farming country; home to flowing trail and enduro loops, and includes everything from undulating grasstrack to bush-lined singletrail. This venue also features a spectacular camping area – a huge, flat grassy pit paddock with an old-school timber cottage at its centre that'll be incorporated into the event's hub.

NSW, TBA

The RIDE OUT Moto Weekend Crew are looking forward to announcing an epic location for the NSW RIDE OUT Moto Weekend in the coming months. Stay tuned to find out where this weekend will come to life!
